

# Breathless

assessment and management of the asthmatic

A course developed by KyleDavidBates

In New York State there  
are over

**1,000,000**

people that have asthma,  
nearly **400** of them  
will die this year.

## Are you prepared?

**Breathless** is an interactive case-based presentation that address both the adult and pediatric patient populations. Learners will discuss the anatomy and physiology of the respiratory system, how asthma affects the body and society, its signs and symptoms, as well as basic and advanced assessment and management techniques.

**BREATHLESS**

\$105 PER CLASS\*

Course # 300002

A 2.5 hour presentation

\*You may qualify for a FREE class, ask us how!
