

# The Pen is mightier...

a lecture in the fine art of documentation

A course developed by KyleDavidBates

**You just received a subpoena...**

**You're being sued from a call 4 years ago!**

**Would you remember this call?**

**How well did you document it?**

This four hour presentation deals with med/legal issues such as consent and refusals – the largest cause of litigation in EMS. We will discuss how to write a PCR and what information needs to be on there. You will be given a template and memory aids to help you fully document as well as deal with patients that refuse treatment or transport.

**THE PEN IS MIGHTIER...** \$150 PER CLASS
