

EMT Training

Emergency Medical Technicians (EMTs) care for the sick or injured in emergency medical settings. People's lives often depend on their quick reaction and competent care. EMTs respond to emergency calls, performing medical services and transporting patients to medical facilities. Employment of (EMTs) is projected to grow 23% through 2022, much faster than the average for all occupations.

Advanced Emergency Medical Technician: Critical Care (EMT- CC Original)

Take your training to the next level by becoming an Advanced Emergency Medical Technician which is an Emergency Medical Services (EMS) certification unique to New York EMT. EMT-CCs are fully classified as Advanced Life Support (ALS) providers within New York. You will be trained in advanced airway management, including intubation, IV fluid administration, cardiac monitoring, cardiac pacing, and both synchronized and unsynchronized cardioversion, and medication usage/administration in adult and pediatric patients. The EMT-CC practices the art of out of hospital medicine in conjunction with medical direction. Through performance of assessments and providing medical care, their goal is to prevent and reduce mortality and morbidity due to illness and injury for emergency patients in the out of hospital setting.

Prerequisite: Current NYS Certification as a Basic EMT throughout the EMT-CC course. Pretesting and selection will be required for all students that desire to enroll in the course. A lab fee of \$100 is required at time of acceptance into the program. It is not refundable and is not reimbursed by New York State DOH.

Date: Tue & Thu, beginning Aug 25

Time: 6:30-9:30 p.m.

Fee: * Individuals affiliated with their local volunteer fire department may be eligible for full tuition funding.

If not affiliated cost is \$1200.

Location: Niagara University Dunleavy Hall 212

Advanced Emergency Medical Technician: Critical Care Refresher (EMT- CC Refresher)

This course is designed for individuals who have been previously certified or are currently certified by the NYS Department of Health as an Emergency Medical Technician - Critical Care for the purpose of maintaining their certification and competency in providing emergency medical care. Each student is required to complete a challenge exam, after which the student's performance is reviewed and an individual needs program developed. You will review the concepts and materials covered in the Critical Care course and be brought up to date with recent New York State DOH changes. After successful completion of this course, students are eligible to take the NYS certification exam. Recertification is required every three (3) years.

Prerequisite: Prior NYS Certification as an EMT-CC or EMT-Paramedic. A lab fee of \$100 is required at time of acceptance into the program. It is not refundable and is not reimbursed by the New York State DOH.

Date: Tue & Thu, beginning Aug 25

Time: 6:30-9:30 p.m.

Fee: * Individuals affiliated with their local volunteer fire department may be eligible for full tuition funding. If not affiliated cost is \$700.

Location: Niagara University Dunleavy Hall 212

HIPAA Compliance

We'll demystify the compliance process and focus specifically on the Administrative Simplification portion of HIPAA, starting by defining the lingo of HIPAA. Do you provide products or services to a health care organization? If the answer to either of these questions is yes, then it's mandatory that you understand the compliance requirements of HIPAA, and subsequent rules and laws. These laws require all health care professionals to take careful steps to protect protected health information (PHI). But what exactly do all these regulations require?

Online for 6 Weeks. Classes open 24/7

Start dates: Sept. 16; Oct. 14; Nov. 11; Dec. 9

\$165

Save the Date! EMS Speaker Series

January 30, 2016

Pre-Register 716-286-8181

Hold this date in your calendar NOW. The daylong seminar will afford NYSDOH Bureau of EMS Course Instructor Coordinators and Course Lab Instructors to satisfy their ongoing instructor update requirements. Core credits will be available for all NYSDOH Bureau of EMS EMTs providing they satisfy DOH requirements.
