

TECC for EMS Workshop - *RESTRICTED ENROLLMENT*

Two 1 day deliveries- April 18 and April 19

TRAINING ANNOUNCEMENT

Course Description:

The *TECC for EMS* workshop is designed to demonstrate and reinforce skills that would enhance the capabilities of EMS professionals in caring for themselves and others when responding to incidents with Aggressive Deadly Behavior, including Active Shooter Events. Instructors will lead discussion on several topics, including command and control and integration with law enforcement. Students will apply lessons learned in the classroom to skill lanes, including the Hemorrhage Control Skill Lane and the Rapid Assessment and Initial Care Skill Lane. The workshop will culminate with several enhanced skill lanes that incorporate TECC principles, evacuation care, life-saving medical intervention, and collaboration with law enforcement.

Course Provider:

This course is being taught by a team of instructors from the State Preparedness Training Center and the National Center for Security & Preparedness.

Topics Include:

- TECC Phases of Care
- Tourniquets and Wound Packing
- Rescue Task Force
- Integration with Law Enforcement
- Aggressive Deadly Behavior

Times:
